## February, 2020 Work Report

Brothers and Sisters in Christ,

I previously reported that December and January are particularly difficult months to do church work in Kuala Lumpur (KL) because of a series of major holidays. My hope and prayer that the slow down would end in February has been abundantly answered. February contained a number of exiting developments in the work here in KL and in our neighboring country of Indonesia.

I am including another report in my email distributed by the Aramadale congregation in Western Australia which discusses the establishment of a new congregation on the island of Bali (only a three hour flight from here). Brother Keith Thompson has invited me to assist in that new effort by supporting the young congregation with regular visits to preach and conduct Bible studies. I have gladly accepted his invitation and will rotate with Keith so that someone is spending a long weekend in Bali once every month. The congregation in KL is so exited about this effort that they have agreed to financially support my trips to Bali for at least the rest of the year. Armadale is still looking for support to fund Keith's trips, so if you are able to help, please contact him after reading Armadale's letter.

Locally, I had three Bible studies with brand new contacts this month. Each of them is at a very different stage in their knowledge of God but they are all interested in learning. The correspondence course program has also picked back up this month with one woman in particular who is about to finish her sixth lesson.

The KL congregation accomplished two milestone in February: (1) we completed our study of 1 Corinthians making it the first time in the congregation's history to study an entire book of the Bible; (2) the teachers completed the five-session program on how to study and preach the Bible. My next plan for the brethren is to lead a congregational Bible study focusing on how evangelism is to be done taken from the example of Acts, and the teachers will be guided through a Bible survey course.

We will be spending two weeks in Western Australia in March for our Visa hop. We are looking forward to being with the brethren and doing anything we can to support the congregation.

Please keep us in your prayers,

Shahe Gergian
